Zeppelin Premium Pre-owned

CERTIFIED ENGINES & GENERATOR SETS – ALL FROM ONE SOURCE.

ENGINES - SYSTEMS - SALES - SERVICE: ALL FROM ONE SOURCE

Zeppelin Power Systems is the official partner of Caterpillar for Cat and MaK engines and a leading provider of drive, propulsion, traction and energy systems. It is a legal entity of the Zeppelin group with over 7,500 employees and a turnover of 2.55 bn euros and has been partnering with Caterpillar for 60 years.

With about 800 employees, Zeppelin Power Systems offers their customers individual highly efficient system solutions with comprehensive services for industrial and marine applications, the oil and gas industry, rail vehicles and power generation.

PRE-OWNED EQUIPMENT

Zeppelin Power Systems operates its own specialised procurement, reconditioning and marketing division for pre-owned equipment in Bremen, Germany. The department offers pre-owned engines as an optimised and market-related customer solution alongside the new engine business.

ZEPELIN PREMIUM PRE-OWNED

Zeppelin Premium Pre-owned means professionally overhauled, upgraded and certified engines and generator sets including various warranty options.

Certified means that every engine and generator set must pass our own comprehensive set of tests, carried out by a trained technician. Our modern workshop facilities are fully equipped including test bench. After the general overhaul, all engines and generator sets are carefully tested. The final test is performed according to Caterpillar specifications.

OUR RANGE OF SERVICES COVERS:

- Overhauled and re-conditioned engines and generator sets
- Customised re-designed to your needs
- Comprehensive quality inspection
- Added-value quality/new installed parts
- Warranty included
- Full professional general overhaul in modern in-house workshops
- System upgrades to premium standard

Plus:

- Spare parts availability
- Maintenance support
- International support

OUR STOCK INCLUDES A LARGE SELECTION OF:

- Power generator sets with/without noise reduction canopy or container
- Gas and diesel generator sets
- Engines for industrial applications
- Locomotive engines
- Marine engines

CONTAMINATION CONTROL & SUSTAINABILITY

Contamination during repairs is one of the most frequent reasons for systems failure.

We have been given a 4-star-rating in line with the Caterpillar guidelines for clean workshops. We carry out our repair work to stringent anti-contamination standards.

We promote the sustainable re-use and recycling of materials and are certified to DIN EN ISO 9001:2008.

RELIABILITY – ORIGINAL CAT® SPARE PARTS AND SERVICE FROM ZEPPELIN POWER SYSTEMS

All repair work is performed exclusively with Cat® original parts. We offer warranties for the Premium Pre-owned engines and generator sets.

Our customers benefit from our worldwide Caterpillar dealer network. In addition, we offer service and spare parts worldwide – at any time.

EVERYTHING AT A GLANCE – OUR WEBSITE
